

Interoperability Cooperation FL WL Net and Packet Radio Net

The September Packet Radio Bulletin Net would like to invite the FL WL NET participants to earn some extra net credit by adding N3MEL@WINLINK.ORG to just one of your weekly check-in messages. For this to work correctly, the message must only be a text message. NO ATTACHMENTS.

This net aims to show how Packet Radio and Winlink can collaborate to pass those critical EMCOMM messages nationwide if needed. PKTNET has partnered with The Packet Radio Forwarding Network to put radio back into Packet and to create a nationwide RF Backbone using VARA HF & ARDOP.

Please have a look at the website at www.tprfn.net for more details.

Any FL WL Net check-ins will be mapped, and a list of participants will be sent to W4AKH for net credit.

The net will start on Sunday, Sept 15th @ 00,00 UTC and run till Sat Sept 21st @ 23:59 UTC.

You can access the check-in map at:
